FOR PEOPLE WHO HELP OTHERS

Looking after yourself
is part of looking after others

Stress is common among helpers. You are not alone.
You may notice... Feeling tired all the time · Getting angry easily · Trouble sleeping · Wanting to be alone

What helps

- Take short breaks
- Eat, drink and rest
- Stay connected
- Look out for each other
- Ask for support: it is good practice

Ask for help early

Stress getting worse, not going away, or making work and daily life hard? Talk to your supervisor or a health worker. Asking early is good practice.

Get help now

In danger, or thinking of harming yourself? Get help now. Ask a health worker or responder, and ask someone you trust to stay with you.

Support for staff and volunteers: _____ (filled in and checked locally)
